9 X Great Basin has been a great experience for	me. The staff are
nice and are there when you need them to b	e and know how to
redirect you to someone who can help if the	y themselves do not
know how to. It is easy to sign up for classes,	to attend said
classes, and the teachers are great and there	to help if you need
it.	
10 X Great land surveying and geomatics program	. Passed land
surveyor in training test first try.	
11 X The Advising and Career center wasted, literative	ally, 2 years of my
life because of faulty advising. Also, the scien	nce and math
departments need an over-haul. That is to sa	ay, that their
assessment strategies are severely lacking, a	nd the lab fees are
a joke considering one of the biology project	s required us to put
together a puzzle. Further the mining technology	ology degrees and
certificates are causing other professional fie	lds to look at GBC
graduates as unqualified because of those pr	ograms lack of
academic knowledge and skills.	
12 X I was overall very pleased with my experience	e at GBC and
