1	I had incredible professors for English, Women's Studies, and Communication. The social work professor that oversaw the program to continue to the Bachelor's program was awful. Anytime I asked a question on the program I was told to look at a Facebook page. To add to it I had to get the administration involved just to receive a reply from her. It took over six months in which I had taken classes I did not need to because of her failure to respond. So unprofessional. There was no way I was going to continue my education with her as the professor overseeing the program for social work.	8/8/2021 4:37 PM
2	It was a great experience for me. I am a Texan that is proud to have obtained my Bachelor's degree from GBC! The only thing I wish was different was that I wish I could have walked with my class. I missed because of Covid. I was looking forward to being there in person and having the whole experience. But, I loved everything about GBC!	8/7/2021 11:13 AM
3	The school was great. Having access to a tutoring center definitely contributed to my ability to graduate. Very disappointed in lack of childcare options for students and was a barrier to being able to use most of the services offered by the college.	8/6/2021 2:32 PM
4	Great professors!	7/29/2021 2:49 PM

5	Thank you	7/28/2021 6:32 PM
6	Overall it was a nice experience attending GBC :) I'd have to say my only complaint is certain staff members who aren't instructors or counselors as well as specific clubs that are cruelly exclusive despite advertising that suggests otherwise :(But other than that I really did have a good and easy time attending the school <3	7/28/2021 4:39 PM
7	None	7/27/2021 8:32 AM
8	One of the teachers was lazy never taught us we are all veryyyy disappointed on him not teaching us anything. Thanks no thanks, sorry not sorry.	7/21/2021 12:12 AM
9	The staff at the Ely area GBC have been tremendously helpful, and encouraging! Oscar Sida is a tough but helpful and encouraging advisor/instructor. I have learned a lot over the years. I hope to continue to in the future!	7/20/2021 9:38 AM
10	COVID-19 destroyed my education. I look like a fool in interviewing because my experience is not applicable. How do you tell an employer like Komatsu that you learned to weld off the internet? I tell you what the only people in my class that will be successful from this program during the pandemic are the ones that were blessed enough to receive the Nevada Gold Mines Scholarship because they were given careers. Not only does this program disqualify me for funding to re take the program but it does interviews when I honestly explain my hands on experience. No one's fault but so crappy on my end.	7/20/2021 8:54 AM
11	I was highly satisfied with my associates level education at GBC, however, I wouldn't recommend four year degrees from this institution. The quality of education, instruction, availability, pretty much everything discussed in this survey remained the same or even declined at the upper level. I really wish I had spent more money to get a real education somewhere else that valued me as a student and not as a paycheck. The purposes of GBC work well for lower level education, not for bachelors degrees.	7/17/2021 8:15 PM
12	Have to get rid of hybrid class. Electrical class needs to be more hands on because of hybrid learning our material covered was cut into half. Please return us to 4 days a week 5 hours per day.	7/13/2021 9:02 AM
13	A lot of the neutral comments were bc I didn't use those services. There was no advising until after I had graduated and that was obviously too late. My teachers were all good. They answered questions when I needed help. One math teacher even made me a new video just to explain something to me. I liked all my professors, they helped me. There was one class I had to take bc it was the only thing offered over the winter 6 week courses. There was a poor selection of classes to take during that time so I got stuck in intro to theater. That was miserable! But really I think it's bc I have no interest in that subject whatsoever. That was the hardest course to get thru bc I didn't like it. But it was thorough.	7/12/2021 10:30 PM
14	The MTC program is a great program, wish it got more spot light on it. I would recommend to anyone who would consider, and give a great overall rating! Thanks GBC	7/12/2021 6:55 PM
15	My advisors, Lynette MacFarlan and her daughter Leafe were the best advisors I could have asked for. They met with me and emailed with me whenever I needed. They also made excellent professors. Had there been a bachelors program for ECE, I would have stayed at GBC. These two prepared me to continue my education!	7/12/2021 6:37 PM
16	The dean over the technical programs was a great help!	7/12/2021 1:46 PM
17	I earned a post-baccalaureate Certificate of Achievement in Alternate Route to Licensure for Education. That was not an option to select on your survey. So I selected the next closest thing. AA in Education. I have a full teaching license now and super happy with that. However I was in Hawthorne remote learning campus not Pahrump Battle Mountain or Ely. Hawthorne was not an option on your survey. Hawthorne was not great. I would get things late or not at all from the main Elko campus. And the advisor in Hawthorne had virtually no training in how to do her GBC job. It was a mere speck in her main school district job.	7/12/2021 10:36 AM
18	GBC has helped me grow so much as a person throughout the last 3.5 years. While earning my past two degrees (AAS in Computer Office Tech, and AA in General studies) I learned basic skills for the work place, but also honed in many technical and personable skills. Now, while continuing my studies in the BASS program, I am over-the-moon in my choice to pursue this field of study. It is interesting and exciting, but we'll organized, and extremely informative. I have already learned so much in just one semester. I cannot wait to put the skills and knowledge I've learned to good use! Just 3 more semesters!	7/12/2021 9:54 AM
19	Professeur Bentley was the best part of this experience	7/12/2021 9:31 AM
20	I hope that all graduates who didn't get the opportunity to walk are invited to do so at the next	7/12/2021 9:14 AM

live graduation.
