### Overview

#### Graduation Rates 200 Overview

The Graduation Rate 200 component of the IPEDS survey is a further extension of the traditional Graduation Rate component. GR200 carries over 100% and 150% graduation rate data from previous cohorts and requests any additional completers and exclusions between 151% and 200% of normal time to completion.

#### Data Reporting Reminders

The reporting of data for the 200% completion period is not cumulative. Respondents are asked to report data for the time period between 151% and 200% of normal time to completion only.

#### Changes for 2011-12

An item has been added (Line 9) to collect the number of students still enrolled as of 200% of the normal time to completion of their program. This was added to provide additional information about the status of non-completers.

 You may use the space below to provide context for the data you've reported above. These context notes will be posted on the College Navigator website, and should be written to be understood by students and parents.

Anyone can attend GBC and attempt to achieve a bachelor's degree, whether or not they are academically prepared to do so. Students are as likely to receive an associate's degree as they are to receive a bachelor's degree. Unfortunately, we can't count associate degree graduates here.
