

Welcome

to

Nevada Indian Country

**Produced with the support of the U.S. Public Health Service, Bureau of Primary
Health Care,
Cooperative Agreement No. CSU32001-11-1.**

**A project of the Nevada State Department of Health and the Inter-Tribal Council of
Nevada, Inc.**

Technical advisors:

Eastern Service Unit Management Team

Western Service Unit Management Team

With input from:

Patients and Providers throughout Nevada and Indian Country USA

**Coordinator
Shayne Del Cohen**

Indian culture remains resistant to assimilation. The Indian seeks peace and harmony with family, with friends, and with nature. Many believe this lifestyle is completely contrary to the non-Indian world of materialism, turmoil, and competitiveness. In addition, many tribal members treasure the right to be different, to retain their traditions, to be Indian.
