## Associate of Applied Science – Criminal Justice Corrections Emphasis

### Student Learning Outcomes

The purpose of GBC’s Criminal Justice Program is to assist students in the understanding of the intersection of biography and history within social structures related to the criminal justice system, as well as how to be a reflective, proficient, and active agent within these systems.

Graduates of the AAS in Criminal Justice Corrections degree program will have the knowledge and skills to:

- Demonstrate an awareness of the history and nature of the major components of the criminal justice system.
- Identify and analyze the origins of criminal behavior, society’s response to crime, and the consequences of crime to our society, utilizing multiple perspectives.
- Demonstrate effective oral and written communication skills applicable in the field of criminal justice.
- Analyze and explain the evolution of the correctional system in the United States.
- Identify and describe the legal issues that relate to offenders and correction’s officers.
- Evaluate current issues related to crime prevention and the rehabilitation of juvenile and adult offenders, including the concepts of parole and probation.
