6	I was overall very pleased with my experience at GBC and appreciate the ease of transferring my credits to UNLV where I earned a BA in American history.	8/31/2016 7:04 PM
7	The Advising and Career center wasted, literally, 2 years of my life because of faulty advising. Also, the science and math departments need an over-haul. That is to say, that their assessment strategies are severely lacking, and the lab fees are a joke considering one of the biology projects required us to put together a puzzle. Further the mining technology degrees and certificates are causing other professional fields to look at GBC graduates as unqualified because of those programs lack of academic knowledge and skills.	8/27/2016 9:23 PM
8	Great land surveying and geomatics program. Passed land surveyor in training test first try.	8/23/2016 7:44 PM
9	Great Basin has been a great experience for me. The staff are nice and are there when you need them to be and know how to redirect you to someone who can help if they themselves do not know how to. It is easy to sign up for classes, to attend said classes, and the teachers are great and there to help if you need it.	8/23/2016 5:44 PM
