

Assessment: Course Four Column

Courses (A&L) - Art

ART 141: Intro to Digital Photography

<i>Course Outcomes</i>	<i>Assessment Measures</i>	<i>Results</i>	<i>Actions</i>
<p>Basic manual and automatic operations of the digital cameras - Understand and apply basic manual and automatic operations of the digital cameras.</p> <p>Course Outcome Status: Active Next Assessment: 2021-2022 Start Date: 08/07/2017</p>	<p>Portfolio Review - Digital photos and final portfolio Criterion: NA</p>	<p>Reporting Period: 2016-2017 Criterion Met: N/A Peer evaluations were used in some of the assignments. I felt it was important for students to see their classmates work.</p> <p>This was the first time I have taught this class. I had to educate myself to critique student photos in an online format. Sometimes the light exposure and methods used by the student can be difficult to decipher without actually being at the location being photographed. This class has used a large variety of cameras making it difficult to have consistency when giving instructions. (08/22/2017)</p>	<p>Action: I will begin the class with photos embedded in Word documents. This seemed to be a good remedy for the photo sizing issues. Students are also using Powerpt Presentations for their final portfolio.</p> <p>I have begun an online photo course to increase my knowledge of digital photography. (08/22/2017)</p>
<p>Transfer and edit images in photo editing software - Successfully transfer and edit images in photo editing software.</p> <p>Course Outcome Status: Active Next Assessment: 2021-2022 Start Date: 08/07/2017</p>	<p>Assignment - Project - Assignments using Photoshop Elements or a similar editing program. Photo Editing Program Questions Assign 4 Light and Shadow Assign 9 Art Show Images Assign 10 Pure Color Assignments, critiques Criterion: NA</p>	<p>Reporting Period: 2016-2017 Criterion Met: N/A The photo editing assignments were minimal for this class. A beginning photography class does not emphasize photo manipulation but rather use of the camera. (08/22/2017)</p>	
<p>Rules of composition - Appreciate the rules of composition as applied to any two dimensional form of artwork.</p>	<p>Assignment - Written - Digital photos and final portfolio photos, discussions, written work</p>	<p>Reporting Period: 2016-2017 Criterion Met: N/A I feel that photo students need a better understanding of</p>	<p>Action: I will continue to teach the elements and principles as an important part of a beginning</p>

<i>Course Outcomes</i>	<i>Assessment Measures</i>	<i>Results</i>	<i>Actions</i>
<p>Course Outcome Status: Active Next Assessment: 2021-2022 Start Date: 08/07/2017</p>	<p>Photo Assign #2 Subject Placement Photo Assign #4 Light and Shadow Final Portfolio Criterion: NA</p>	<p>the elements of art as well as an appreciation of photography and how they are applied.</p> <p>Must photo students did not have an art background (08/22/2017)</p>	<p>photography class. (08/22/2017)</p>
<p>Visual communication through photography - To exhibit an understanding of visual communication through photography. Course Outcome Status: Active Next Assessment: 2021-2022 Start Date: 08/07/2017</p>	<p>Assignment - Written - Assignments: All photo assignments Written Work: Favorite Photographer Student Critiques Criterion: NA</p>	<p>Reporting Period: 2016-2017 Criterion Met: N/A Most of the assignments worked well. I will not be using the same text next semester and that may change some of the assignments. Cynthia Delaney (the original instructor) was using her own text. I do not feel this was an appropriate text for a beginning photo class. (08/22/2017)</p>	<p>Action: I will not require a text but instead will rely on lectures put into the modules. I may test students on these lectures. (08/22/2017)</p>
<p>To be able to present photographs - To be able to present photographs on the web, for a gallery exhibit, through a "Word" document and a "PowerPoint Presentation". Course Outcome Status: Active Next Assessment: 2020-2021 Start Date: 08/07/2017</p>	<p>Assignment - Written - All photos embedded in a Word document Final Portfolio in a Powerpt Presentation Criterion: NA</p>	<p>Reporting Period: 2016-2017 Criterion Met: N/A I began the semester allowing digital files but quickly learned that this was not going to work. I then required photos to be embedded in a Word document with the exception of art show photos and Powerpt presentations like the final portfolio (08/22/2017)</p>	<p>Action: I will use the same software tools for the fall semester class. (08/22/2017)</p>
