I understand that when a student attends a post-secondary institution, the Family Educational Rights Privacy Act states that parents do **not** have access to their student's educational records. I understand that I am enrolled in a dual credit course at Great Basin College that may be paid for by my high school.

I further understand that I may be responsible for all fees associated with this class if any of the following situations occur:

a) I am no longer enrolled with the high school and I do not drop the class before the 100% refund period ends
b) I no longer want to be enrolled in the class and I do not drop the class before the 100% refund period ends
c) I receive a 'W' (withdrawn) grade in the class

Parents must have written permission from the student before information will be released, and information will not be given over the phone. (Contact Admissions and Records for further information).

I realize that academic freedom is zealously guarded in college classrooms and as such, topics and ideas of a controversial or sensitive nature may be discussed. If taking academic courses, it is important to meet with a GBC advisor to clarify enrollment and academic progress. Continued enrollment is contingent upon review of academic progress each semester.
