

TAXPAYER RELIEF ACT

TAXPAYER RELIEF ACT

Taxpayer Relief Act*

As students provide their social security number, they will be eligible for the Taxpayer Relief Act. The Taxpayer Relief Act requires institutions to provide information to taxpayers and to the Internal Revenue Service for the Hope Scholarship, Lifetime Learning Credit, and Student Interest Deduction. The information will be sent to the IRS and entered on the 1098-T form prepared for the student.

*Furnishing this information is optional. A social security number is required for federal financial assistance, some scholarships, and the 1098-T tax credit document.
