

STUDENT PHOTO ID CARDS

Student Photo Identification Cards

Great Basin College student photo identification cards are strongly recommended and are available at the Elko campus and all centers. Student ID cards provide photo identification during emergency situations and may assist with the College's [Missing Student Notification Policy](#). A current student ID may also be required for admission to certain student government-sponsored events and activities offered at no cost to enrolled students.

Students must be currently enrolled in courses to obtain a student ID card. To receive a student ID card, visit Berg Hall on the Elko campus or contact the office staff at your local center.
