
ADMISSION ADVISING AND CAREER CENTER

Admission Advising and Career Center

The [Admission Advising and Career Center](#), located in Berg Hall, offers a wide range of services for current and prospective students, and it should be the first stop for new students. The Center operates with the philosophy that the career and academic decision-making process is one that emerges over time, shaped by one's own experiences, interests, and values.

Academic Advisors are available to assist students with identifying, planning, and achieving educational and personal goals. It is recommended that students meet with their academic advisor each semester to complete the following:

- Create an educational plan.
- Register for courses.
- Assess graduation requirements.
- Receive assistance with navigating college tools and resources.

Students are encouraged to begin early to explore career options through academic pursuits. The principal goal of the center is to provide support services so that students may become more effective in dealing with concerns that influence their pursuit of academic goals. Students may receive assistance regarding academic advisement, orientation, and study skills. Information is also available on all two- and four-year colleges and universities in the United States.
