

DEGREE AUDITS

Degree Audits

It is possible to obtain an automated degree audit or what-if report (WHIF) that reflects progress toward completion of a degree requirement and suggests courses that may be selected in order to complete degree requirements. The student's advisement report can be obtained logging into your [MyApps portal](#). Once you log into MyGBC, click on Student Center, then Academics, Academic Requirements, and then View my Advisement Report. Contact the admissions and records office at 775.327.2059 for more information.

Advisement reports should always be combined with a meeting with an academic advisor.
