Caring for the Community

Great Basin College's Health Sciences and Behavioral Health programs are meeting the vital healthcare needs of Nevada and beyond. By integrating frontline medical training, such as **Nursing**, **Emergency Medicine**, and **Radiologic Sciences**, with critical **Human Services** and **Behavioral Health** programs, we provide a multifaceted approach to community wellness. From specialized certificates to Bachelor's degrees, GBC is committed to cultivating a skilled, compassionate workforce ready to solve the complex health challenges facing our communities.
