

MINUTES of the
GREAT BASIN COLLEGE
FACULTY SENATE
COMPENSATION & BENEFITS COMMITTEE

The committee via e-mail during the first week of November, 2010, with the following members present: Frank Daniels; Kara Coates; Kevin Marie Laxalt; and Jon Licht. The following members were absent: Greg Molyneux and Connie Zeller.

The committee awarded professional development (travel) money to one faculty member. The request has been forwarded to the Vice President for Academic Affairs.

In comparing the way that professional development is handled elsewhere, at many other colleges the whole professional development money pool is administered by a single faculty senate committee (i.e., the equivalent of this committee). This is the case at the largest college in the state, CSN, where there are caps based on the degree of participation at an event, but the caps are usually sufficiently high so as to cover all travel expenses.
