2. Substitutions across the mastery courses.
  - a. We reviewed two requests for substitutions from the Health Sciences. The proposed substitution was to replace HSC 300 with INT 349 courses. The committee decided that approval for these substitutions could be one if Health Sciences is planning to make this change an explicit part of their program in the catalog.
  - b. After the meeting, Chair Hawkley emailed Health Science faculty about this issue and met with Tami Mette to discuss it. In his conversations he learned new information that will need to be brought before the committee at a subsequent meeting.
3. Elementary and Secondary Ed AA Pathways discussion.
4. Future meeting times?
  - a. In the meeting we discussed having our regular meetings on the first Wednesdays of the month at 3pm. After the meeting, however, Chair Hawkley learned that a different time would work better for absent members. So it was determined over email that we will be meeting **the first Tuesday** of each month from 2-3. So our meetings will be held **October 1, November 5, and December 3** from 2-3pm.
