

Revitalization Committee Meeting

8/27/18

Meeting Minutes

1. **Members Present:** Brian Rencher, Adriana Mendez, Mike McGhee, Alex Porter, Cassie Stahlke, Fallon Godwin-Butler, Kayla McCarson

2. **INT 100 Recap:** After 5 years, the INT 100 course was brought back as a live component for the fall semester. We had 128 students on the roster and 121 were present at the event. In addition, there were four parents present.

Changes for the next year will include creation of a committee to delegate duties, reducing panel sizes, and determining whether a parent panel is necessary

In mid-September, grades will be posted and reviewed. The information will determine if students have an easier time completing the live course rather than the online version. GEAR UP was a sponsor of the orientation and will review this data within their grant assessment. Data will also be used within retention.

3. **Priorities:** The revitalization committee will request a report to determine priorities of the committee based on the voting of the All College Conversation Day
