Mr. G. H. Asbury

Dear Sir:

Kindly see if lands here described are open before filing. Also make application to 3^d surplus water from Pine Creek to be taken from Fisherman's ditch owned I send to State Engineer today. Jim Hooper trying to take water from them who have used it for ² years. Please send me plan of 711 N. R 146 E. Kindly file on water for Alex Mike at once as above. There seems to be

Some malice on the part of
Hooper. He has invited from
Frost Reserve land, and claims
use of water in Meadow Canyon.
These are good manufacturing Indians

U.S. Land Office,

Carson City, Nev.

Sir:

I am handing you herewith, the application of Alec Mike for the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 14 and the S $\frac{1}{2}$ of the NE $\frac{1}{4}$ and the SE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 15, T. 11 N., R. 46 E., H.D.M., made under the General Allotment Act. As the General Land Office has recently required a special report on Indian applicants for land, I will state that:

This applicant is a Shoshoni Indian, who has always lived in the locality of the land, for which application is made. He has never lived on any reservation and has no reservation rights, nor has he taken up land on the public domain before. He has the reputation of being a progressive and industrious Indian. He has applied for this land in good faith with the hope of acquiring title to it as a home for himself and his family. He seems to me typical of the class of Indians for whom the 4th section of the General Allotment Act was intended to provide and I recommend the approval of this application.

I enclose an extra copy of this letter, for your files, in the event that you desire to submit this letter with the application. Very respectfully,

Special Indian Agent.

Allotment Application
of Alec Mike.

April 8, 1915.

The Commissioner of Indian Affairs,

Washington, D.C.

sir:

I have before me an application for an allotment, under the General Allotment Act, made by Alec Mike, for the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 14 and the NE $\frac{1}{4}$ and the SE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 18, T. 11N, R. 40E, M.D.M. I have just looked this land up in the Land office and find that it is vacant and open to entry. There are two or three other Indian allotments in the immediate locality. I enclose herewith a copy of a letter that I had just written to the Land office, submitting this application for their consideration, but when in the land office, yesterday, I was shown a circular, which had just been received from the General Land Office, directing them to accept no Indian applications, unless accompanied by the certificate of the Commissioner, as to the eligibility of the Indian and directing that should such applications be filed, they should be suspended and ninety days given, in which to file the necessary certificate, consequently, I decided to withhold this application and request the certificate, so that, I might file it with the application and thus avoid the delay in the land office.

Allotment Application.

Alec Mike. II.

I am quite familiar with the Indians of that locality. They are Shoshonies, who have never lived on any reservation and who have never had any reservation rights. They have not taken up land on the public domain before and this application and others in the locality are made in good faith, in the hope of securing a title to a piece of land, where they can make their home and can produce, at least, a part of their living for their family. I have never visited this particular land, but the official plats indicate that it is wild meadow land with some water and it is probable that they could do some farming. I recommend the approval of the application.

Very respectfully,

Special Indian Agent.
