Welcome Back!
The library has been busy this summer making improvements and we are very eager and excited to share with you!

**Contents:**
- Educational DVD Collection
- Additional Patron Computers
- “Card Catalog” Computer
- Webpage
- LibGuides
- GBC Library Collection Overview

New at Your Library!

**EDUCATIONAL DVD COLLECTION**
Something old is new again! We noticed that we have a great collection of educational DVDs that were not being utilized because they were kept with the educational VHS collection upstairs; VCRs are rare now, so we relocated ALL educational DVDs to be downstairs with the others!

*Please, students and faculty- come take a look!*

**Subjects Include:**

**ADDITIONAL COMPUTERS**

(Above) We have added 10 desktop computers upstairs! These carrels offer more privacy than the pods downstairs.

**“CARD CATALOG” COMPUTER IN LOBBY**
This computer is located near the entrance steps and is accompanied by scratch paper and pencils (to write down call numbers, etc.) and a guide explaining Library of Congress call number organization.

This is a positive addition because patrons can now look up their own books (PRIVACY)! Still, the staff is always available and happy to assist locating resources!
Now this is the BIG NEWS! We have a new website!

After much research about website heuristics and usability came our new and [very much] improved website for our users!

We are still working on it, but we have it linked from our page if you would like to have a sneak peek! **We are looking for feedback** (comments, questions, suggestions, compliments, etc.) From our home page, scroll past the slide show and click the “New Website” link. See picture to right → **You can leave anonymous feedback via a form on our current website, located directly under the link to the new site.**

We also have a new web 2.0 platform for our subject guides – LibGuides. LibGuides are used by libraries all over the country; they are the most popular web publishing platforms for libraries. **We now have a chat feature in our LibGuides & new website for distance education students or anyone not on campus!**
