

This handout is for students to find EBSCO and to search for articles in Reading Teacher.

Finding GBC Library

Do a search for 'gbcnv library' in your browser (you do not need to include 's' around gbcnv library when you do it).

The screenshot shows a Google search for 'gbcnv library'. The search bar at the top contains the text 'gbcnv library'. Below the search bar, the results are displayed. A callout box points to the first result, 'Great Basin College: Library - Home', with the text 'Click here to go to library homepage'. Another callout box points to the 'Databases' link in the second result, 'Great Basin College Library ...', with the text 'Click here to go to databases'. The search results include links to the library homepage, databases, and a library directory.

You can also use Resources & Help button in Webcampus to get to GBC Library Databases.

The screenshot shows the WebCampus Orientation page. On the left side, there is a vertical menu with icons and labels: 'Account', 'Dashboard', 'Courses', 'Calendar', 'Inbox', and 'Resources & Help'. The 'Resources & Help' button is highlighted in yellow. On the right side, there is a section titled 'WebCampus Orientation' with a description of the orientation course. Below this, there is a section titled 'Library Online Databases' with a description of the library's online databases. The 'Library Online Databases' section is highlighted in yellow.

From Database Page, click on EBSCO

Articles and Databases

Welcome to the Great Basin College Library Database Page!

The library databases are sorted in alphabetical order and by subject. Click on one of the links below to access the right database for your research! If you need to find a Peer-Reviewed Article click on one of our Peer-Reviewed Databases found below.

- [Alphabetical Listing of Databases](#)

Find a Peer-Reviewed Article

- EBSCO** – EBSCO is a great database to use for just about all of your research! Remember, look for the check box to refine your search results to peer-reviewed or scholarly resources.
- JSTOR** – JSTOR is a database filled with primarily peer-reviewed or scholarly journals and resources!
- ProQuest** – ProQuest is another great choice for database searches! You will have to check the box to refine results to peer-reviewed or scholarly resources.
