

Math 120, equivalent or higher		
English 102		
Anatomy and Physiology (BIO 223/224 or EMS 204)		
PHYS 100 or RAD 118		

**All successfully completed yes/no**

**SECTION IV**

The following curriculum requisites must either be met prior to the diagnostic medical sonography education program or as a program co requisite (curriculum may be included in other college level coursework; such as Medical terminology included in RAD 112):

***Successful completion of each of these courses (with a C or higher) will acquire the student 1 point. If curriculum coursework is not completed or accepted, these courses can be taken as co-requisites in the program and must be completed in the first semester of program coursework or the student will be released from the program.***

Content	Course	Institution	Completed	Accepted	Points (0 or 1)
Medical Terminology: NURS 140 or RAD 112 or EMS 204					
Pathophysiology: NURS 337 or EMS 204					
Medical Ethics/Law: HMS 200 or comparable					
NURS 130 or comparable CNA Course					

**Pts. \_\_\_\_\_/4 possible**

**SECTION V**

Up to two positive reference letters will be accepted. One point will be given to the student for each letter reflecting the student has appropriate skills and attitude for this program.

**Pts. \_\_\_\_\_/2 possible**

**SECTION VI**

The GBC Diagnostic Medical Sonography program application and a copy of the student ID must be completed and submitted with all appropriate documentation by the stated deadline. ID will be used to verify student residence. Students who are residents of the GBC service area receive 1 point. **Pts. \_\_\_\_\_/1 possible**

**SECTION VII**

Students with a current health related registry such as ARRT, RN, Paramedic will receive 1 point for each accepted credential up to 2 points (credentials may be accepted at the program director’s discretion).
