Student Open Workout, Relaxation Techniques, and New Year’s Resolution are some examples of selections in this category. Descriptions of individual Special Topics in Recreation will be found in the current class schedule” to: “Open Workout is one of the regularly offered Special Topics PEX courses. It is a self-designed workout class with full use of the fitness facility and equipment. Other PEX 199 courses are based on current trends and interests. Descriptions of individual Special Topics PEX courses can be found in the current class schedule.”</p>
2. PEX 207	<p>Course Revision: Title change and course reactivation.</p> <p>Title change from “Slimnastics” to “Total Fitness and Weight Control” to be consistent with changes to CCN.</p> <p>Catalog description: “This class will provide the information and tools to help the student make evidence-based decisions concerning fitness, nutrition, and weight control. The class includes a 30-minute workout followed by a lecture/activity on nutrition and applying nutrition concepts in real world meal planning and preparation, for long-term weight control.”</p>

### Information Item

	Description
1. A.S. (Biological Sciences B.S.)	<p>It was brought to the committee chair’s attention that the A.S. degree included in the B.S. in Biological Sciences program proposal approved at February’s Faculty Senate meeting was not specifically mentioned in the chair’s verbal presentation of the new degree program. The degree and its requirements were included in the written degree proposal distributed to faculty senate. Thus, as the distributed proposal indicated, the B.S. degree as approved included the A.S. degree.</p>
