

## **Gen. Ed. Committee Report**

***March 15, 2019***

The Gen. Ed. Committee met on February 25, and submits the following report:

Remaining meetings of the committee for this semester will be held:

March 18  
April 1  
April 22  
May 6 (if necessary)

All meetings will start at 11:00 a.m. Please submit any documents or requests by 5:00 p.m. on the Wednesday preceding the meeting.

Additionally, the committee will meet in March to establish guidelines and examples for Gen. Ed. Course Assessments in preparation for the upcoming accreditation efforts. Once the guidelines are written and established, the committee will present these to Department Chairs and individual departments as needed or desired. It is the committee's intention to allow content level experts to create assessments that are not only beneficial in assessing and improving our Gen. Ed. Program, but also reflect the values and needs of the various disciplines within said program.
