General Education Course Submission Form

Use this form to add, change, or revise a General Education course.

* Required

Name *

Jinho Jung

Phone number: *

775 753 2323

Course prefix, number, and name: *

Math 120 E Co-requisite with remedial support

Questions Responses 16

- Communications and Expression: Oral Communications
- Communications and Expression: Evidence-Based Communications
- Communications and Expression: Fine Arts
- Logical and Scientific Reasoning: Mathematical Reasoning
- Logical and Scientific Reasoning: Scientific Reasoning
- Logical and Scientific Reasoning: Scientific Data Interpretation and Generation
- Human Societies and Experience: Structures of Societies
- Human Societies and Experience: American Constitutions and Institutions
- Human Societies and Experience: Humanities
- Technological Proficiency
- Other: _____

Communications and Expression: Written Communications

Provide written substantiation of how this class meets each of the following objectives.

Utilize written genres appropriate to task

Choose

Questions Responses 16

Effectively identify and address various audiences and contexts

Communications and Expression: Oral Communications

Provide written substantiation of how this class meets each of the following objectives.

Organize oral presentations appropriate to context and audience

Deliver compelling and clear oral communications

Demonstrate an understanding of interpersonal communications in a variety of context

Communications and Expression: Evidence-Based Communications

Provide written substantiation of how this class meets each of the following objectives.

Questions Responses 16

Determine source appropriateness/credibility according to conte

Effectively incorporate and cite sourced material in communication

Communications and Expression: Fine Arts

Provide written substantiation of how this class meets each of the following objectives.

Demonstrate proficiency in the understanding of basic fine arts concepts and languag

Demonstrate the effective use and application of artistic tools and processe

Demonstrate the ability to engage in the creative process as it applies to the subjek

Logical and Scientific Reasoning: Mathematical Reasoning

Questions Responses 16

Demonstrate knowledge of mathematical notation and concept

Solve problems using basic set theory.

Solve problems using the basic rules of probability.

Apply mathematical concepts and operations in proper written or graphical form

Follow appropriate mathematical format and use proper mathematical notation in solving problems

Apply relevant mathematical skills in solving real world problems

Use mathematical formulas to evaluate problems involving financial data.

Calculate perimeter, area, surface area, and volume of various geometric objects.

Identify and analyze statistical data.

Use formal and symbolic logic to analyze arguments and draw valid conclusions.

Use trigonometry to solve problems involving right triangles.

Solve problems using dimensional analysis.

Logical and Scientific Reasoning: Scientific Reasoning

Provide written substantiation of how this class meets each of the following objectives.

Demonstrate an understanding of the scientific methodologies used in various discipline

Effectively interpret and apply scientific principles and concept

Questions Responses 16

Logical and Scientific Reasoning: Scientific Data Interpretation and Generation

Provide written substantiation of how this class meets each of the following objectives.

Effectively apply mathematical principles and quantitative methods to collect and analyze scientific data

Utilize the scientific method to arrive at informed conclusion

Human Societies and Experience: Structure of Society

Provide written substantiation of how this class meets each of the following objectives.

Demonstrate understanding of the processes that influence human behavior and structure of society

Demonstrate understanding of the processes that influence social stratification and/or inequality

Questions Responses 16

Human Societies and Experience: American Constitutions and Institutions

Provide written substantiation of how this class meets each of the following objectives.

Demonstrate an understanding of American constitutions and institutions and their developme

Demonstrate understanding of processes of social stratification and inequality in American socie

Demonstrate knowledge of the methods used to study American societ

Human Societies and Experience: Humanities

Provide written substantiation of how this class meets each of the following objectives.

Demonstrate an understanding of the consequences of human actions in social and environmental contexts, and an ability to consider the ethical and practical implications of those action

Questions Responses 16

Demonstrate an ability to recognize and respect the rights of the individual and to appreciate the complexity and variety of divergent attitudes, values and beliefs in society

Demonstrate an understanding of the cultural and historical heritage of contemporary society and the implications of this heritage*

NA

Technological Proficiency

Provide written substantiation of how this class meets each of the following objectives.

Analyze a problem and identify and define the technology requirements appropriate to its solution

Describe professional, ethical, legal, security and social issues and responsibilities for technology users

Develop skills to continuously learn fundamentals of existing and new technology:

Questions Responses 16

Math department, Dean of Arts and Sciences
