

Bylaws Committee Report

Oct 12, 2021

The Bylaws Committee has not met formally given the lack of a Vice Chair. However, we plan to convene soon.

In the meantime, Laurie Walsh has been working with Frank Sawyer to get the revised and approved Bylaws document transferred to the FS webpage. At this point the Preamble and Articles 1-4 are posted.

The word/pdf document (2021 Faculty Senate Bylaws) has been posted on the Bylaws page since last year and contains revised sections that address the function of the senate, officer duties, committee responsibilities, and other matters. Faculty and staff are referred to that document to review the current bylaws *en toto*.

Transferring text to a webpage is a cumbersome task and Frank is working on the next articles.
